

MSU Wheat Variety Trial Field Day

What: Selecting the best adapted wheat varieties for your farm is a critical first step to producing high-yielding wheat. The MSU wheat variety trial field day is an excellent source of unbiased information for selecting wheat varieties. Participants will have the opportunity to walk through a complete observation replication of the MSU wheat variety performance trial. Lee Siler and Randy Laurenz from the MSU Wheat Breeding Program will be on hand to provide a brief overview of the plots and answer questions. Bruce MacKellar and Martin Nagelkirk, MSU Extension educators will discuss crop and pest management topics. The local wheat promotion committee will be represented. **Two RUP credits are available.**

When: June 4, 2012 from 6:00 p.m. to 8:00 p.m. There is no registration fee for the tour, however, preregistration is requested. **Please call (269) 657-8213 before 5:00 p.m. on Friday, June 1st to register.**

Where: Harvey Jipping's plot located on 47th Street in Hamilton, Michigan . The plot is South of 140th Avenue and North of 137th Avenue.
